OTAGONET JOINT VENTURE LINES BUSINESS
NOTES TO AND FORMING PART
OF THE FINANCIAL STATEMENTS
FOR THE FOR THE YEAR ENDED 31 MARCH 2007

GENERAL ACCOUNTING POLICIES

Reporting Entity

OtagoNet is an unincorporated Joint Venture. The parties to the Joint Venture are Marlborough Lines Limited (51%), Electricity Invercargill Limited (24.5%) and The Power Company Limited (24.5%). These interests are represented through their wholly owned subsidiaries Southern Lines Limited, Pylon Limited and Last Tango Limited. Effective control of the Joint Venture is shared by all investors through the Joint Venture Agreement; for this reason OtagoNet is treated as a Joint Venture.

These financial statements have been prepared for the purpose of complying with the Electricity Information Disclosure Requirements 2004 and relate to the Joint Venture's Line Business incorporating the conveyance of electricity, ownership of works for conveyance of electricity and provision of line function services in accordance with Requirement 6 of the Requirements.

The principal activity of OtagoNet Joint Venture is that of an electricity lines business.

Measurement Base

The accounting principles applied to the measurement and reporting of earnings and financial position is the historical cost basis.

Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of financial performance and the financial position have been applied:

a) *Receivables*

Receivables are stated at their estimated realisable value. All known losses are written off in the period in which it becomes apparent that the debts are not collectable.

b) *Revenue*

Goods and Services

Revenue comprised the amounts received and receivable for goods and services supplied to customers in the ordinary course of business.

Investment Income

Interest and rental income are accounted for as earned.

Customer Contributions

Contributions from customers in relation to the construction of new lines for the network are accounted for as income in the year in which they are received.

c) *Property, Plant and Equipment*

All property, plant and equipment is initially recorded at cost less accumulated depreciation. The cost of purchased property, plant and equipment is the fair value of the consideration given to acquire the assets and the value of other directly attributable costs which have been incurred in bringing the assets to the location and condition necessary for their intended service.

d) Depreciation

Depreciation is provided on a straight line basis on all tangible property, plant and equipment with the exception of land, easements and information system data at rates calculated to allocate the costs of the assets, less any estimated residual value, over their estimated useful lives.

The primary annual rates used are:

Buildings	1.0-1.4%	Straight Line
Network Assets (excluding land)	1.4-15.0%	Straight Line
Plant and Equipment	6.79%	Straight Line
Office Equipment and EDP	6.6-15.0%	Straight Line

e) Capital Work in Progress

Capital work in progress is stated at cost and is not depreciated.

f) Intangibles

Goodwill arising on the acquisition of a business represents the excess of the purchase consideration over the fair value of the identifiable net assets acquired. The carrying value will be reviewed annually by the Management Committee and adjusted where it is considered necessary.

Goodwill is amortised to the Statement of Financial Performance over 20 years.

g) Impairment

If the estimated recoverable amount of an asset is less than its carrying amount, the asset is written down to its estimated recoverable amount and an impairment loss is recognised in the Statement of Financial Performance.

h) Taxation

All amounts in the financial statements are shown exclusive of Goods and Services Tax, with the exception of receivables and payables which are shown inclusive.

The Income Tax liability is the responsibility of the Joint Venture parties and therefore is not reflected in the financial statements of the Joint Venture.

i) Operating Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased items are classified as operating leases. Payments under these leases are recognised as expenses in the periods in which they are incurred.

j) Avoidable Cost Allocation Methodology

The Avoidable Cost Allocation Methodology is able to be used to separate 'other' activities from the Lines Business. Other activities or non Lines Business activity have not been excluded from these accounts as they represent less than five percent of the total assets and revenues of the OtagoNet Joint Venture.

Changes in Accounting Policies

There have been no changes in Accounting Policies. These have been applied on a consistent basis throughout the period.

Network Assets and Plant and Equipment

The network assets and associated plant and equipment were revalued to \$106,522,000 as at 1 April 2006 in accordance with FRS3 at Depreciated Replacement Cost as determined by PricewaterhouseCoopers (with technical support from Stronach Power Consulting Limited).

7. INTANGIBLES

Opening Goodwill Arising on Acquisition	15,140	15,140
Accumulated Amortisation	(3,595)	(2,838)
Total Intangibles	<hr/> 11,545	<hr/> 12,302

Goodwill has been amortised over 20 years as prescribed by FRS36 Accounting for Acquisitions Resulting in Combinations of Entities.

It is the view of the Management Committee that amortisation of goodwill as prescribed by FRS36 is inappropriate. The assets purchased have an average life of 53 years and were valued and purchased on the basis that they would continue in perpetuity.

The Governing Committee believe that amortisation of goodwill over a 20 year period results in the understatement of the operating surplus in these accounts by an amount of \$757,000 (2006: \$757,000).

There is considerable industry concern that the acquisition of infrastructure assets is not appropriately treated under FRS36, particularly in relation to the establishment of goodwill and the minimum amortisation requirements for goodwill.

Under the New Zealand equivalents of International Financial Reporting Standards (NZ IFRS) goodwill is not amortised. It is instead subject to an annual impairment test. OtagoNet will adopt NZ IFRS for the year ended 31 March 2008.

Later than one year and not later than two years	3	1
Later than two years and not later than five years	5	3
Later than five years	6	2

13. FINANCIAL INSTRUMENTS

Off Balance Sheet Financial Instruments

The Company does not have any off balance sheet financial instruments.

Credit Risk -

Credit risk is the risk that a third party will default on its obligation to the Joint Venture, causing the Joint Venture to incur a loss.

Financial instruments which potentially subject the Joint Venture to credit risk principally consist of cash and short term deposits and accounts receivables. Bank deposits are placed with high credit quality financial institutions. The Joint Venture performs credit evaluations on all customers requiring credit, and the Joint Venture may in some circumstances require collateral. No collateral is held at 31 March 2007.

Maximum exposures to credit risk at balance date are:

	31 March 2007 \$000	31 March 2006 \$000
Current Account	81	22
Short Term Bank Deposits	1,020	140
Receivables	1,359	1,860
	<hr/>	<hr/>
	2,460	2,022
	<hr/> <hr/>	<hr/> <hr/>

The above maximum exposures are net of any recognised provision for losses on these financial instruments. No collateral is held on the above amounts.

Concentrations of Credit Risk -

The Joint Venture has a concentration of credit risk with regard to the amounts owing by energy retailers at balance date for Line Charges as disclosed in Note 5 Receivables and Prepayments (amongst Trade Debtors). However, these entities are considered to be high credit quality entities.

Foreign Exchange Risk -

Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Joint Venture does not use foreign exchange instruments for speculative purposes.

Interest Rate Risk -

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

The Joint Venture is exposed to normal fluctuations in market interest rates.

Fair Values -

The estimated fair value of the Joint Venture's financial instruments is represented by the carrying values.

14. RELATED PARTIES

The parties to the OtagoNet Joint Venture consist of Marlborough Lines Limited, Electricity Invercargill Limited and The Power Company Limited through their respective subsidiaries Southern Lines Limited, Pylon Limited and Last Tango Limited. AUDITOR'S REPORT

TO THE READERS OF THE FINANCIAL STATEMENTS OF OTAGONET JOINT VENTURE LINES BUSINESS.

We have audited the accompanying financial statements of OtagoNet Joint venture Lines Business. The financial statements provide information about the past financial performance of OtagoNet Joint venture and its financial position as at 31 March 2007. This information is stated in accordance with the accounting policies set out on pages 6 and 7.

Directors' Responsibilities

The Commerce Commission's Electricity Information Disclosure Requirements 2004 made under section 57T of the Commerce Act 1986 require the Directors to prepare financial statements which give a true and fair view of the financial position of OtagoNet Joint venture Lines Business as at 31 March 2007, and results of operations and cash flows for the year then ended.

Auditor's Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the Directors and report our opinion to you.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing-

- the significant estimates and judgments made by the Directors in the preparation of the financial statements; and
- whether the accounting policies are appropriate to OtagoNet Joint venture Lines Business' circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with generally accepted auditing standards in New Zealand. We planned and performed my/our audit so as to obtain all the information and explanations which we considered necessary. We obtained sufficient evidence to give reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Other than in our capacity as auditor we have no relationship with or interests in OtagoNet Joint venture.

Unqualified Opinion

We have obtained all the information and explanations we have required.

In our opinion-

- proper accounting records have been maintained by OtagoNet Joint venture as far as appears from our examination of those records; and

This audit report relates to the financial statements of OtagoNet Joint Venture Lines Business for the year ended 31 March 2007 included on OtagoNet Joint Venture's website. The Management Committee is responsible for the maintenance and integrity of the OtagoNet Joint Venture's website. We have not been engaged to report on the integrity of OtagoNet Joint Venture's website. We accept no responsibility for any changes that may have occurred to the financial statements since they were initially presented on the website. The audit report refers only to the financial statements named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these financial statements. If readers of this report are concerned with the inherent risks arising from electronic data communication they should refer to the published hard copy of the audited financial statements and related audit report dated 30 November 2007 to confirm the information included in the audited financial statements presented on this website. Legislation in New Zealand governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

- the financial statements referred to above-
 - (a) comply with generally accepted accounting practice; and
 - (b) give a true and fair view of the financial position of OtagoNet Joint venture Lines Business as at 31 March 2007 and the results of its operations and cash flows for the year then ended; and
 - (c) comply with the Electricity Information Disclosure Requirements 2004.

Our audit was completed on 30 November 2007 and our opinion is expressed as at that date.
